

## FOCUS doctors' list 2020: Four EuroEyes doctors among Germany's top ophthalmologists

For more than 20 years, the magazine FOCUS has published various lists of the leading doctors in Germany. As part of this extensive research, a list of the top ophthalmologists has now been published for 2020. Dr. Jørn Jørgensen was included in the „FOCUS doctors' list“ for the 9th time and is thus once again one of Germany's top ophthalmologists. Besides Dr. Jørn Jørgensen, the EuroEyes doctors Dr. Markus Bauer, Dr. Barbara Lege and PD Dr. Ralf-Christian Lerche received the FOCUS award 2020.

## Robotic Eye Surgery – An Overview

Robots have fascinated us for years. However, our relationship with robots is very ambivalent: we fear and we admire them. Despite of those fears, surgery is an ideal area for the use of robots: A robot is not limited to two hands. It can work through the smallest openings and reproducibly control any three-dimensional position. This enables surgical interventions in areas that would otherwise not be accessible. An overview of surgical robots in the field of ophthalmology.
