Summer vacation at home? Time for eye laser treatment!

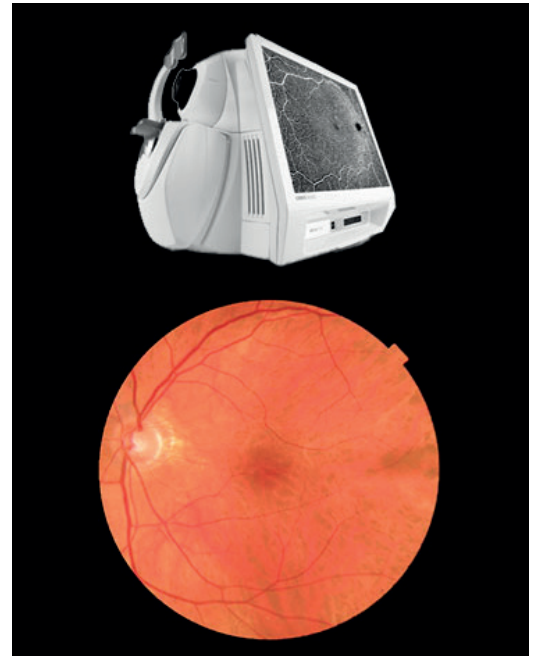

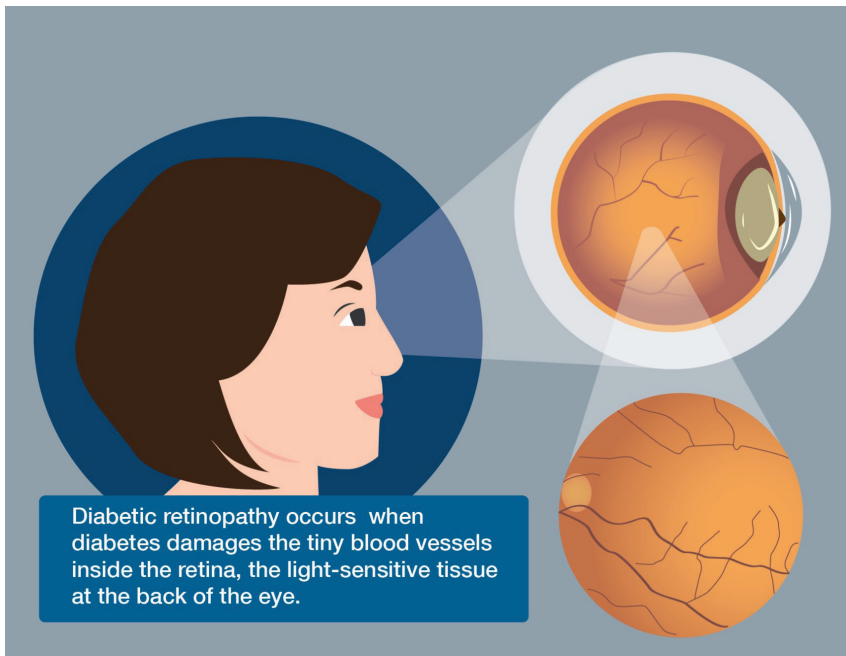

Do you spend your summer vacation on your balcony or in the garden? Caused by Covid-19, the current situation presents a challenge to everyone.

How do you use the time you spend at home instead of going on a summer holiday as usual? Use this time and take care of your eyes! Read more on www.euroeyes.hk/news/

EuroEyes China launched Diabetic Retinopathy Screening

From April 1st, 2020, EuroEyes Shanghai and Beijing clinics offer a new service for our patients: diabetic retinopathy screening. By equipping clinics with the latest Zeiss OCT technology and OCTA devices, EuroEyes China will fulfill even more comprehensively the demand in China for the treatment of retinal diseases.

Another EuroEyes employee has undergone surgery: Michael Zhang, COO of China and member of the group of directors of the EuroEyes China Clinics

Another EuroEyes employee has undergone surgery: Michael Zhang, Investor Relations Officer & Vice President, Operations and Marketing China. We joined Michael before, during and after the ICL treatment at the EuroEyes clinic in Hamburg. Watch the full video on www.euroeyes.hk/testimonials/

UV light: How to find the perfect sunglasses

Nowadays, sunglasses are naturally part of the fashionable standard equipment when the sun is shining and the weather is nice. However, the focus should not be on the design or look of the sunglasses, but on the protection of the eyes. After all, eyes are our most important sensory organs, through them we receive most of our sensory impressions. We tell how to find the perfect sunglasses!

EuroEyes clinics open again!

The current Covid-19 measures allow us to welcome you in our EuroEyes clinics again during our usual opening hours.

Consultations, examinations and operations are again possible in our clinics throughout China, Denmark and Germany. All EuroEyes clinics are open again with immediate effect and the EuroEyes team is fully available for you.

EuroEyes China: Management Changes

In order to better manage and develop our business in China, we have identified that we need to improve our internal control, service quality, marketing effort, product & service development, HR system and other relevant aspects in the near future. Some necessary action will be taken and changes will be made. We will see this as building up the foundation of EuroEyes' sustainable growth in China.

To better carry out our target, the Group hereby announces that Mr. Michael Zhang will be the Chief Operating officer (COO) of China and member of the group of directors of the EuroEyes China Clinics. The Group will support him in all aspects and we expect the same from our team. We are very confident and determined that EuroEyes China will grow faster in the future. We will fight all together to bring it.
